1

**CREMONESE UNICA:
INVERSIONE DELLA ROTAZIONE DEL MANICO**

- Ruotare il manico di 90° portando così le cremagliere in posizione centrale.
- Mano SINISTRA: inserire gli scorrevoli nella posizione B delle cremagliere, mantenendo le pinne in posizione opposta al manico.

**UNICA CREMONE:
REVERSING THE ROTATION OF THE HANDLE**

- Turn the handle 90° to move the racks to the central position.
- LEFT hand: insert the sliding elements in position B on the racks, keeping the fins in the position opposite the handle.

2

**CREMONE UNICA:
INVERSION DU SENS DE ROTATION DE LA POIGNEE**

- Tournez la poignée de 90° pour que les crémaillères soient au centre.
- Main GAUCHE : introduisez les coulissants dans la position B des crémaillères, en maintenant les ailettes dans la position opposée à celle de la poignée.

**CIERRE UNICA:
INVERSION DE LA ROTACIÓN DE LA CREMONA**

- Girar el asa 90° para situar las cremalleras en la posición central.
- Mano IZQUIERDA: introducir los elementos correderos en la posición B de las cremalleras, manteniendo las aletas en la posición opuesta respecto al mango.

3

**FENSTERGRIFFE UNICA:
UMKEHR DER ROTATIONSRICHTUNG DES GRIFFES**

- Den Griff um 90° drehen, wodurch die Zahnstangen in die mittlere Stellung gefahren werden.
- LINKS: Die Gleiteile in Position B der Zahnstangen einsetzen, wobei die Ansätze entgegengesetzt zum Griff angeordnet sein müssen.
