

GS1000-ML/GS1000-HL ARMS

Functions

Stay arms for GS1000-ML and GS1000-HL tilt-and-slide system.

Online data sheet

Technical features

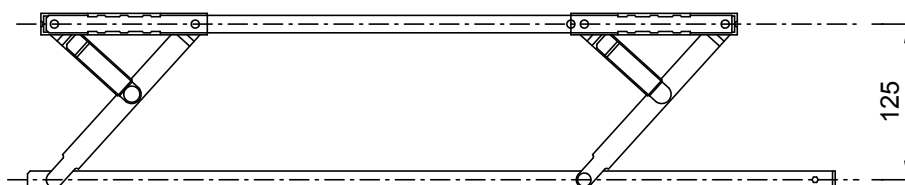

The arms allow tilt-and-turn opening of the sash in conjunction with the fastening mechanisms.

They are available in three sizes to choose from according to the width of the sliding sash:

- for sashes of width 630-980 mm
- for sashes of width 981-1280 mm
- for sashes of width 1281-1680 mm

Materials

Steel arms
Sliders of nylon
