

## FECHOS E ACESSÓRIOS SUPLEMENTARES FUTURA 3D 80 COMPLANAR

### Funções

Os fechos suplementares dão a possibilidade de acrescentar elementos de fechamento se as dimensões da esquadria aumentarem ou se for necessário ter pontos de fechamento nas travessas ou no montante do lado das dobradiças.

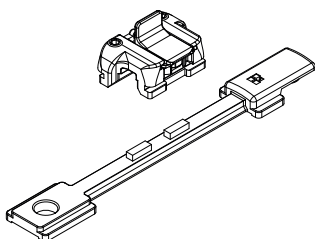

Na base das dimensões da esquadria serão utilizados para este mecanismo os fechos suplementares (para  $H > 1.200$  mm e  $L > 1.000$  mm) e o braço suplementar (que é obrigatório para  $L > 1.000$  mm)
